

Dear Cloonan Families,

On May 15th & 16th a very special event, The American Cancer Society's Relay for Life, will be taking place. We would like you be aware of this annual event which raises money for cancer research, advocacy, patient services and education for all cancer patients and their care-givers. Our mission, is to help raise funds to help cancer patients and their families here in Fairfield County.

New to our community and eager to help us with our fundraising efforts, is Robek's Juice, which just opened it's second Stamford location at High Ridge Center. Robek's delicious smoothies and other fresh, made-to-order offerings support a healthy lifestyle. This is a natural fit with our cause. They VERY graciously offered to donate 10% of their night's receipts on **April 29th** between the hours of **6pm and 9pm**. Won't you please help us raise money for cancer by patronizing Robek's for our good cause and 'cause it's good! If you haven't experienced Robek's yet, you will be in for a wonderful surprise and thankful for the introduction. If you have already tried Robek's, you already know how great it is! Thank you for helping Relay for Life in raising money for this very worthy cause and also for welcoming Robek's to our neighborhood!
